

## For Immediate Release

### COMMUNITY ADVISORY PANEL IS FORMED

**Zion, Illinois, – June 28, 2011** – ZionSolutions, LLC, a subsidiary of EnergySolutions Inc., today announced the formation of the Zion Station Community Advisory Panel (ZCAP) to enhance open communication, public involvement and education on the Zion Station decommissioning activities.

The ZCAP will serve as a conduit for public information and as a formal channel of community involvement and communication with ZionSolutions. The majority of the volunteer Panel members were appointed by their participating groups, which were selected for their wide-reaching representation of different sectors of the local community. The members are:

Brent Paxton, <i>Chairperson</i>	Lake County Board
Representative JoAnn Osmond <i>Deputy Chairperson</i>	Illinois House of Representatives District 61
Joel Brumlik	Police Chief, Village of Winthrop Harbor
Craig Dyke	Nuclear Medicine Technologist, Cancer Treatment Centers of America at Midwestern Regional Medical Center
Cynthia Johnson	Director, Division of Health, Department of Human Services, Kenosha County, Wisconsin
John Lewis	Fire Chief, City of Zion
Audrey Liddle	Business Manager, Zion-Benton Township High School
Craig Mason	Greater Zion area resident and former ComEd employee
Kent McKenzie	Emergency Management Coordinator Lake County Emergency Management Agency
Doug Ower	Zion resident, environmentalist
Linda Sittig	Trustee, Village of Beach Park
Patrick Thurman, Esq.	Vice President (Regulatory Affairs, Licensing & Document Control), ZionSolutions

The Zion Station Community Advisory Panel plans to meet quarterly and all meetings will be publicly announced and open to the public. It is planned that the minutes of those meetings will be placed on the *ZionSolutions* website ([www.ZionSolutionsCompany.com](http://www.ZionSolutionsCompany.com)). The first ZCAP quarterly public meeting will be held on August 29.

“I believe the Community Advisory Panel is the best way to serve the interests of the local community and provide an interactive conduit for communication and public dialogue,” said Brent Paxton, ZCAP’s Chairperson. “I am honored to serve as its first Chairperson and look forward to working with all panel members, the community and *ZionSolutions* employees.”

“We appreciate all who are willing to serve on this advisory panel and look forward to their valued input” said Patrick Daly, General Manager, *ZionSolutions*. “It is extremely important to *ZionSolutions* that the public understands our role in this project and the value we place on being a part of the community”.

*ZionSolutions*, LLC is a subsidiary of *EnergySolutions* that was formed specifically to undertake the decommissioning of Zion Nuclear Station. The 10-year project is expected to be completed in 2020.
